

## **BSE588 Research in Outdoor Education**

**Level:** 5

**Credit Units:** 10 Credit Units

**Language:** ENGLISH

**Presentation Pattern:** EVERY JULY

### **Synopsis:**

BSE588 Research in Outdoor Education offers students the option of writing a research report as an extension of their field project. Using the research skills acquired in the research and methods course, students work with a field supervisor to address the research question, culminating in a report that adds to the knowledge and practices of outdoor education. The research report will be written in a journal article format.

### **Topics:**

- N.A.

### **Learning Outcome:**

- Develop an understanding of recent developments in one or more disciplines of outdoor education
- Develop knowledge of research principles and methods applicable to the field of work
- Develop cognitive and technical skills as required in data collection and data analysis
- Develop communication skills as required in report writing and dissemination of findings that contributes to the extant literature
