

COM388 Communication Campaign Planning

Level: 3

Credit Units: 5 Credit Units

Language: ENGLISH

Presentation Pattern: EVERY JAN

Synopsis:

Communication campaigns include strategies and action plans that produce effects on the knowledge, attitudes and behaviour of large populations across a variety of domains, including political, pro-social, and environmental and health sectors.

Planning a communications campaign needs careful consideration of objectives, audience, research, messaging, communication channels, implementation, timing, resources and evaluation. This course is designed to strengthen students' understanding of communication campaign principles and sharpen their professionalism in employing those principles to public relations and corporate communication issues. The course guides students in conducting situational research, analysing case studies and scanning environmental for planning a communication campaign.
