

GSP177 Fundamentals of Investing

Level: 1

Credit Units: 2.5 Credit Units

Language: ENGLISH

Presentation Pattern: EVERY REGULAR SEMESTER

Synopsis:

This course is set up to meet the demand of an increasingly affluent population needing investment knowledge. Undergraduate students in SUSS who will be making investment decisions at various stages of their life cycle will be able to increase their practical knowledge of basic investment through an understanding of investment products. Adult learners who wish to enhance their understanding of the investment world will also benefit from this course. This course is aimed at equipping learners with a firm understanding of the basic decision-making process in investing. Guided by the conceptual tools learnt in the course, and exposure to the various financial products in the course, students will be able to analyze and make informed decisions on the various aspects of investment.
