

PSS499 Public Safety and Security Applied Project

Level: 4

Credit Units: 10 Credit Units

Language: ENGLISH

Presentation Pattern: EVERY JULY

Synopsis:

PSS499 Public Safety and Security Applied Project provides students with the opportunity to conduct a research-based project on topics related to security and risk management. Students will take on an independent study and develop their ability to organise different tasks with a view to achieving a clearly specified goal. The projects they will undertake will be related to their specialisation track.

Topics:

- Introduction to research
- Research topics
- Formulation of research questions
- Literature review
- Research design
- Project proposal writing
- Data collection
- Data analysis
- Significant findings
- Discussion
- Recommendations
- Conclusion

Textbooks:

PSS499 Study Guide
ISBN-13: SG-1916

Learning Outcome:

- Explain the key problems
- Formulate relevant strategies
- Explore alternative solutions
- Assess issues systematically
- Identify feasible strategies
- Discuss ways to sustain the strategies
