

RSH688 Applied Research Project

Level: 6

Credit Units: 10 Credit Units

Language: ENGLISH

Presentation Pattern: EVERY SEMESTER

Synopsis:

Students are expected to integrate knowledge acquired from the two Graduate Diplomas to identify and solve a problem in the chosen field(s). Project supervisor(s) will be assigned to the student to help develop greater research skills and facilitate the research endeavour. This applied research project enables students to link research, theory and practice, as well as to provide the opportunity to contribute new knowledge and skills in the chosen field(s).

Topics:

- The topics are to be aligned to the topic of the applied project, as advised by a supervisor.

Learning Outcome:

- Prepare a research proposal.
- Analyse and discuss research results.
- Conclude implications of findings.
- Plan and execute data collection during field research.
- Organise and analyse data, and interpret the results.
- Construct a detailed and comprehensive report.

Assessment Strategies (Evening Class):

Components	Description	Weightage Allocation (%)
Overall Continuous Assessment	PROJECT PROPOSAL 1	10
Overall Examinable Components	FINAL PRESENTATION	10
	FINAL REPORT	80
Total		100
