

RSH799 Doctoral Dissertation

Level: 7

Credit Units: 80 Credit Units

Language: ENGLISH

Presentation Pattern: EVERY REGULAR SEMESTER

Synopsis:

Students are expected to complete a doctoral dissertation that reflects an original, applied and independent scholarly contribution to the body of knowledge in the chosen field. This will culminate in a dissertation examination, which is followed by an oral defence. The student will be guided by a dissertation supervisor in the completion of the dissertation. The culmination of a doctoral candidate's final stage of graduate research study lies in the writing, submission and defence of the dissertation.

Topics:

- The topics are to be aligned to the topic of the dissertation, as advised by a supervisor.

Learning Outcome:

- Prepare a scientific and rigorous applied research proposal.
- Analyse and discuss research results.
- Conclude implications of findings.
- Plan and execute data collection during field research.
- Organise and analyse data, and interpret the results.
- Construct a detailed and comprehensive dissertation.

Assessment Strategies - Regular Semester (Evening Class):

Components	Description	Weightage Allocation (%)
Overall Examinable Components	FINAL REPORT	70
	Oral Exam	30
Total		100
